Virtual Meeting

This year the Company will be holding its Meeting in a virtual only format. Shareholders will have an equal opportunity to participate at the Meeting online regardless of geographic location. Non-Registered shareholders who have not duly appointed themselves as proxyholder will be able to attend the Meeting as a guest but will not be able to vote at the Meeting. Attending the Meeting Virtually

Shareholders will not be able to attend the Meeting in person. Instead, Registered Shareholders and duly appointed proxyholders can virtually attend, participate, vote or submit questions at the virtual Meeting online and non-registered shareholders will be able to attend the virtual Meeting online by registering before February 25, 2024 at the following link:

Appointment of Proxyholders

As a Registered Shareholder, you may wish to vote by proxy whether or not you are able to attend the Meeting in person.

The individuals named in the accompanying form of proxy (the "Proxy") are officers and/or directors of the Company. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than either of the persons designated in the Proxy, who need not be a shareholder, to attend and act for you and on your behalf at the Meeting. Voting

Voting at the Meeting will be based on the number of Common Shares voted by proxy and in person on each matter. Only Registered Shareholders or duly appointed proxyholders with Proxy documentation acceptable to the Chairman of the meeting will be recognized to make motions or vote at the Meeting.

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the Common Shares represented thereby in accordance with your instructions. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. If any amendments or variations are proposed at the Meeting or any adjournment thereof to matters set forth in the proxy and described in the accompanying Notice of Meeting and this Information Circular, or if any other matters properly come before the Meeting or any adjournment thereof, the proxy confers upon the shareholder's nominee discretionary authority to vote on such amendments or variations or such other matters according to the best judgment of the person voting the proxy at the Meeting or any adjournment thereof. At the date of this Information Circular, management of the Company knows of no such amendments or variations or other matters to come before the Meeting.

In respect of a matter for which a choice is not specified by you in the Proxy, the persons named in the Proxy will vote the Common Shares represented by the Proxy for the approval of such matter, and for the election of directors and appointment of auditor as set out in this Information Circular.

PERSONS OR COMPANIES MAKING THE SOLICITATION

The enclosed instrument of proxy is solicited by management. Solicitations will be made by mail, subject to the use of Notice-and-Access Provisions (as defined below) in relation to the delivery of the Information Circular, and possibly supplemented by telephone or other personal contact to be made without special compensation by regular officers and employees of the Company. The Company may reimburse shareholders' nominees or agents (including brokers holding shares on behalf of clients) for the cost incurred in obtaining authorization from their principals to execute the instrument of proxy. No solicitation will be made by specifically engaged employees or soliciting agents. The cost of solicitation will be borne by the Company. None of the directors of the Company have advised management in writing that they intend to oppose any action intended to be taken by management as set forth in this Information Circular.

GENERAL PROXY INFORMATION

Appointment of Proxyholders

The individuals named in the Proxy are officers and/or directors of the Company. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than either of the persons designated in the Proxy, who need not be a shareholder, to attend and act for you and on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy.**

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the Common Shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. The Proxy confers discretionary authority on the persons named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors,

- (b) any amendment to or variation of any matter identified therein, and
- (c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the Proxy, the persons named in the Proxy will vote the Common Shares represented by the Proxy for the approval of such matter.

Registered Shareholders

Registered Shareholders may wish to vote by proxy whether or not they attend the Meeting via teleconference. Registered Shareholders electing to submit a proxy may do so by choosing one of the following methods:

- (a) complete, date and sign the enclosed Proxy form and return it to the Company's transfer agent, Computershare Investor Services Inc. ("**Computershare**"), by fax within North America at 1-866-249-7775, outside North America at (416) 263-9524, or by mail or by hand to the 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1; or
- (b) use a touch-tone phone to transmit voting choices to the toll-free number given in the Proxy. Registered Shareholders must follow the instructions of the voice response system and refer to the enclosed Proxy form for the toll-free number, the holder's account number and the Proxy access number; or
- (c) log onto Computershare's website at www.investorvote.com. Registered Shareholders must follow the instructions provided on the website and refer to the enclosed Proxy form for the holder's account number and the Proxy access number.

In either case you must ensure your proxy is received at least 48 hours (excluding Saturdays, Sundays, and statutory holidays) before the Meeting or the adjournment thereof. Failure to complete or deposit a proxy properly may result in its invalidation.

Late proxies may be accepted or rejected by the Chairman of the Meeting at his discretion and the Chairman of the Meeting is under no obligation to accept or reject any particular late proxy. The Chairman of the Meeting may waive or extend the proxy cut-off without notice.

Beneficial Shareholders

The following information is of significant importance to shareholders who do not hold Common Shares in their own name. Beneficial Shareholders should note the only proxies that can be recognized and acted upon at the Meeting are those deposited by registered shareholders (those whose names appear on the records of the Company as the registered holders of Common Shares) or as set out in the following disclosure.

If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder's name on the records of the Company. Such Common Shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms), and in the United States of America (the "U.S." or the "**United States**") the vast majority of such Common Shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

Generally, Beneficial Shareholders fall under two categories - those who object to their name being made known to the issuers of securities which they own (called "**OBOs**" for "*Objecting Beneficial Owners*") and those who do not object to the issuers of the securities they own knowing who they are (called "**NOBOs**" for "*Non-Objecting Beneficial Owners*").

These Meeting Materials are sent to both registered and non-registered (beneficial) owners of the securities of the Company. If you are a Non-Registered Shareholder, and the Company or its agent sent these materials directly to you, your name, address, and information about your holdings of securities, were obtained in accordance with applicable securities regulatory requirements from the intermediary holding securities on your behalf.

Beneficial Shareholders who are OBOs should follow the instructions of their intermediary carefully to ensure that their Common Shares are voted at the Meeting.

The form of proxy supplied to you by your broker will be similar to the proxy provided to registered shareholders by the Company. However, its purpose is limited to instructing the intermediary on how to vote on your behalf. Most brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc. (“**Broadridge**”) in Canada and in the United States. Broadridge mails a Voting Instruction Form (“**VIF**”) in lieu of a proxy provided by the Company. The VIF will name the same persons as the Company’s Proxy to represent you at the Meeting. You have the right to appoint a person (who need not be a Beneficial Shareholder of the Company), different from the persons designated in the VIF, to represent your Common Shares at the Meeting, and that person may be you. To exercise this right insert the name of your desired representative (which may be you) in the blank space provided in the VIF. Once you have completed and signed your VIF return it to Broadridge by mail or facsimile or deliver your voting instructions to Broadridge by phone or via the internet, in accordance with Broadridge’s instructions. Broadridge tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **If you receive a VIF from Broadridge, it must be completed and returned to Broadridge, in accordance with Broadridge’s instructions, well in advance of the Meeting in order to: (a) have your Common Shares voted at the Meeting as per your instructions; or (b) have an alternate representative chosen by you duly appointed to attend and vote your Common Shares at the Meeting.**

Notice to Shareholders in the United States

The solicitation of proxies involves securities of an issuer located in Canada and is being effected in accordance with the corporate laws of the Province of British Columbia, Canada and securities laws of the provinces of Canada. The proxy solicitation rules under the United States *Securities Exchange Act of 1934*, as amended, are not applicable to the Company or this solicitation, and this solicitation has been prepared in accordance with the disclosure requirements of the securities laws of the provinces of Canada. Shareholders should be aware that disclosure requirements under the securities laws of the provinces of Canada differ from the disclosure requirements under United States securities laws.

The enforcement by shareholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that the Company is incorporated under the *Business Corporations Act* (British Columbia), certain of its directors and its executive officers are residents of Canada and a substantial portion of its assets and the assets of such persons are located outside the United States. Shareholders may not be able to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves to a judgment by a United States court.

EXERCISE OF DISCRETION

If the instructions in an instrument of proxy are certain, the Common Shares represented thereby will be voted on any poll by the persons named in the instrument of proxy and, where a choice with respect to any matter to be acted upon has been specified in the instrument of proxy, the Common Shares represented thereby will, on a poll, be voted or withheld from voting in accordance with the specifications so made.

Where no choice has been specified by the shareholder, such Common Shares will, on a poll, be voted in accordance with the notes to the instrument of proxy.

The enclosed Proxy form, when properly completed and delivered and not revoked, confers discretionary authority upon the persons appointed proxyholders thereunder to vote with respect to any amendments or variations of matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting.

At the time of the printing of this Information Circular, management of the Company knows of no such amendment, variation or other matter which may be presented to the Meeting.

RECORD DATE, VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The board of directors (the “**Board**”) has fixed January 12, 2024, as the record date (the “**Record Date**”) for determination of persons entitled to receive notice of the Meeting. Only shareholders of record at the close of business on the Record Date who either personally attend the Meeting or who complete and deliver an instrument of proxy in the manner and subject to the provisions set out under the heading “*General Proxy Information*” above will be entitled to vote or have their Common Shares voted at the Meeting or any adjournment thereof.

The Common Shares are listed on the TSX Venture Exchange (the “**TSXV**”), under the symbol “**KRY**”. As at January 12, 2024, there were 201,951,296 Common Shares without par value issued and outstanding, each Common Share carrying the right to one vote. No group of shareholders has the right to elect a specified number of directors, nor are there cumulative or similar voting rights attached to the Common Shares. At a general meeting of the Company, every shareholder shall have one vote for each Common Share of which they are the holder.

To the knowledge of the directors and executive officers of the Company, there were no persons or corporations who beneficially owned, directly or indirectly, or exercised control or direction over, Common Shares carrying more than 10% of the voting rights attached to all outstanding Common Shares of the Company as at January 12, 2024, except as follows:

Shareholder Name	Number of Common Shares Held	Percentage of Issued Common Shares
Teck Resources Ltd.	22,579,608	11.18%

VOTES NECESSARY TO PASS RESOLUTIONS

Unless otherwise specified, a simple majority of affirmative votes cast at the Meeting is required to pass the resolutions described herein. If there are more nominees for the election of directors than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected until all such vacancies have been filled.

The Company is a “**venture issuer**” as defined under NI 51-102 and is disclosing its director and executive compensation in accordance with Form 51-102F6V – *Statement of Executive Compensation-Venture Issuers* (“**Form 51-102F6V**”).

Oversight and Description of Director and NEO Compensation

Director Compensation

The Company pays a cash compensation to independent directors equal to \$1,500 per fiscal quarter. The compensation is for their services in their capacity as directors, except for the granting from time to time of incentive security-based compensation awards in accordance with the Omnibus Plan (“**Security-Based Compensation Awards**”) and the policies of the TSXV. Should the Company's financial circumstances change in fiscal 2024, the Compensation Committee together with the Board as a whole will determine if there is a need to modify the compensation payable to the directors of the Company, taking into consideration general industry standards for companies similar to the Company.

The Board believes that the granting of Security-Based Compensation Awards provides a reward to directors for achieving results that improve Company performance and thereby increase shareholder value, where such improvement is reflected in an increase in the Company's Common Share price. In making a determination as to whether a grant of long-term Security-Based Compensation Awards is appropriate and if so, the number of Security-Based Compensation Awards that should be granted, the Board considers: the number and terms of outstanding incentive stock options held by each director; the aggregate value in securities of the Company that the Board intends to award as compensation; the potential dilution to shareholders; general industry standards and the limits imposed by the terms of the Omnibus Plan and the TSXV policies. The granting of Security-Based Compensation Awards allows the Company to reward directors for their efforts to increase value for shareholders without requiring the Company to use cash from its treasury. The terms and conditions of the Company's Security-Based Compensation Award grants, including vesting provisions and exercise prices, are governed by the terms of the Omnibus Plan, which are described under “*Omnibus Plans and Other Incentive Plans*” above.

The directors may be reimbursed for actual expenses reasonably incurred in connection with the performance of their duties as directors.

Compensation of directors of the Company is reviewed annually and determined by the Board. The level of compensation for directors is determined after consideration of various relevant factors, including the expected nature and quantity of duties and responsibilities, past performance, comparison with compensation paid by other issuers of comparable size and nature, and the availability of financial resources.

In the Board's view, there is, and has been, no need for the Company to design or implement a formal compensation program for directors. While the Board considers grants of Security-Based Compensation Awards to directors under the Omnibus Plan from time to time, the Board does not employ a prescribed methodology when determining the

grant or allocation of Security-Based Compensation Awards. Other than the Omnibus Plan, as discussed above, the Company does not offer any long-term incentive plans, share compensation plans or any other such benefit programs for directors.

Elements of Compensation

Effective 2023, the Board adopted the 2023 Omnibus Plan (the “**Omnibus Plan**”), which was approved by the disinterested shareholders of the Company at the annual and special meeting of shareholders of the Company held on February 28, 2023. The Board determined it was in the best interests of the Company to adopt the Omnibus Plan, in order to provide the Board with the ability and flexibility to make broader and different forms of equity rewards as part of its need to retain a competitive compensation structure for its directors, officers, executives, employees, consultants and service providers.

Under the Omnibus Plan, the Board is authorized to grant Stock Options, Restricted Share Units (“**RSUs**”), Performance Share Units (“**PSUs**”), Deferred Share Units (“**DSUs**”) and other share-based awards (“**Other Share-Based Awards**”) to directors, officers, employees, management company employees and consultants of the Company and/or its subsidiaries (“**Eligible Participants**”, and when such Eligible Participants are granted Awards, the “**Participants**”) in order to attract, retain and motivate such persons as individuals whose skills, performance and loyalty to the objectives and interests of the Company are necessary to the Company’s success, to incentivize them to continue their services for the Company, and to align their interests with those of the Company.

The Company’s executive compensation policy consists of an annual base salary and long-term incentives in the form of Security-Based Compensation Awards granted under the Company’s Omnibus Plan.

Named Executive Officer Compensation

The Company has a compensation committee (the “**Compensation Committee**”) consisting of Jean Luc Roy, Tim Fernback and Ally Angula. Within the meaning of National Instrument 52-110 “*Audit Committees*” (“**NI 52-110**”) majority of the members of the Compensation Committee are independent directors. The Compensation Committee of the Board directs the design and provides oversight for the Company’s executive compensation program and has overall responsibility for recommending levels of executive compensation that are competitive in order to attract, motivate and retain highly skilled and experienced executive officers. The Compensation Committee does not have a formal compensation program with set benchmarks; however, the Compensation Committee does have an informal program which seeks to reward an executive officer’s current and future expected performance and the achievements of corporate milestones and align the interests of executive officers with the interests of the Company’s shareholders.

The Compensation Committee’s responsibilities include reviewing and making recommendations to the Board with respect to the adequacy and the form of compensation to all executive officers and directors of the Company; making recommendations to the Board in respect of the grant of Security-Based Compensation Awards to management, directors, officers and other employees and consultants of the Company; and monitoring the performance of the Company’s executive officers.

The Company’s executive compensation philosophy and program objectives are directed primarily by two guiding principles. First, the program is intended to provide competitive levels of compensation, at expected levels of performance, in order to attract, motivate and retain talented executives. Second, the program is intended to create an alignment of interest between the Company’s executives and shareholders so that a significant portion of each executive’s compensation is linked to maximizing shareholder value. In support of this philosophy, the executive compensation program is designed to reward performance that is directly relevant to the Company’s short-term and long-term success. The Company attempts to provide both short-term and long-term incentive compensation that varies based on corporate and individual performance.

The Company’s executive compensation program is structured into three main components: employment agreement, consulting fees and long term incentives in the form of Security-Based Compensation Awards granted pursuant to the Omnibus Plan. The following discussion describes the Company’s executive compensation program by component of

compensation and discusses how each component relates to the Company's overall executive compensation objective. In establishing the executive compensation program, the Company believes:

- consulting fees provide an immediate cash incentive for the Company's NEOs and should be at levels competitive with peer companies that compete with the Company for business opportunities and executive talent; and
- Security-Based Compensation Awards ensure that the NEOs are motivated to achieve the long-term growth of the Company, increase shareholder value, and provide capital accumulation linked directly to the Company's performance.

The Company places equal emphasis on consulting fees and Security-Based Compensation Awards as short-term and long-term incentives, respectively.

The Company determines the amount of the consulting fees and Security-Based Compensation Awards to be paid/granted to each NEO based on the performance of the individual and the performance of the Company during the respective year and in comparison, to compensation paid to executive officers of other companies which are at a similar stage of development as the Company.

The Company's executive compensation program has been designed to accomplish the following long-term objectives:

- create a proper balance between building shareholder wealth and competitive executive compensation while maintaining good corporate governance practices;
- produce long-term, positive results for the Company's shareholders;
- align executive compensation with corporate performance and appropriate peer group comparisons; and
- provide market-competitive compensation and benefits that will enable the Company to recruit, retain and motivate the executive talent necessary to be successful.

As set out above, NEOs are eligible under the Omnibus Plan to receive grants of Security-Based Compensation Awards. The Omnibus Plan is an important part of the Company's long-term incentive strategy for its officers, permitting them to participate in any appreciation of the market value of the Common Shares over a stated period of time. The Omnibus Plan is intended to reinforce commitment to long-term growth in profitability and shareholder value. Security-Based Compensation Awards are granted by the Board. The size of Security-Based Compensation Award grants to officers is dependent on each officer's level of responsibility, authority and importance to the Company and the degree to which such officer's long-term contribution to the Company will be key to its long-term success.

Other than as described above, there are no other perquisites provided to the NEOs. The Company does not use specific benchmark groups in determining compensation or any element of compensation.

See "*Employment, Consulting and Management Agreements*" above for a description of the Company's consulting and employment arrangements with Mr. Léveillé, President, Chief Executive Officer & Director, Mr. Roy, Interim Chairman, Chief Operating Officer and Director, Ms. Collins, Chief Financial Officer of the Company.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The following table sets forth details of the Omnibus Plan as of August 31, 2023, which is also the only Omnibus Plan in effect as of the Record Date.

Plan Category	Number of Common Shares to be issued upon exercise of outstanding Security-Based Compensation Awards (a)	Weighted average exercise price of outstanding Security-Based Compensation Awards (b)	Number of Common Shares remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c) ⁽¹⁾⁽²⁾
Equity compensation plans approved by shareholders	11,200,000	\$0.13	5,737,470
Equity compensation plans not approved by shareholders	N/A	N/A	N/A
TOTAL	11,200,000	\$0.13	5,737,470

⁽¹⁾ Represents the Omnibus Plan of the Company. As at August 31, 2023, the Omnibus Plan reserved Common Shares equal to a maximum of 10% of the issued and outstanding Common Shares for issue pursuant to the Omnibus Plan, based on 169,374,700 issued and outstanding Common Shares as at August 31, 2023. As of August 31, 2023, 5,737,470 Stock Options were outstanding. The Stock Options issued under the previous option plan were continued under the Omnibus Plan.

The long-term component of compensation for directors and officers, including the NEOs, is based on Security-Based Compensation Awards. This component of compensation is intended to reinforce management’s commitment to long term improvements in the Company’s performance.

The Board believes that incentive compensation in the form of Security-Based Compensation Awards which vest over time, is and has been beneficial and necessary to attract and retain both senior executives and managerial talent at other levels. Furthermore, the Board believes Security-Based Compensation Awards are an effective long-term incentive vehicle because they are directly tied to share price over a longer period and motivate executives to deliver sustained long term performance and increase shareholder value, and have a time horizon that aligns with long-term corporate goals.

The Omnibus Plan replaced the Company’s previous stock option plan. The Stock Options issued under the previous stock option plan were continued under the Omnibus Plan.

In determining individual grants, the Board considers the experience, responsibilities, and performance of each recipient of an award under the Omnibus Plan. Previous grants are also taken into consideration during the grant process.

A brief summary of the features of all types of Security-Based Compensation Awards is provided below and is qualified in its entirety by the provisions of the Omnibus Plan, a copy of the full text which is attached hereto as Schedule “B”.

Stock Options

Participants (as such term is defined in the Omnibus Plan) are eligible to receive grants of Stock Options to acquire Common Shares of the Company at the time of employment or contract, if applicable, and thereafter as determined by the Board.

During the fiscal year ended August 31, 2023, the Board granted 600,000 Stock Options under the Omnibus Plan.

Restricted Share Units

Under the Omnibus Plan, participants are eligible to receive grants of RSUs, entitling the holder to receive one Common Share for each RSU, subject to restrictions as the Board may, in its sole discretion, establish in the applicable award agreement. The Board believes the granting of RSUs creates long-term incentive, a sense of ownership and an alignment of the recipients' interests with those of the Shareholders. The granting of RSUs is intended to reward those employees and directors who are responsible for the management and growth of the Company and to encourage such executives to develop a long-term vision for the Company to operate in a manner to maximize shareholder value. By using vesting periods for RSUs in addition to other restrictions, this compensation element is also designed to support long term retention of valuable employees and directors as well as provide an incentive for the achievement of specific milestones, if applicable.

No RSUs have been awarded as of the date of this Information Circular.

Performance Share Units

Under the Omnibus Plan, employees and directors are eligible to receive grants of PSUs, entitling the holder to receive one Common Share for each PSU, subject to the achievement or attainment of specific performance criteria ("**Performance Criteria**") within a specific period ("**Performance Cycle**"). The number of PSUs and the Performance Criteria which must be satisfied in order for the PSUs to vest and the Performance Cycle in respect of such PSUs shall be specified in the applicable award agreement. The Board believes the granting of the PSUs incentivizes the attainment of specific goals which support the overall strategies of the Company and creates a sense of ownership and an alignment of the recipients' interests with those of the shareholders. The granting of PSUs is intended to reward those executives who are responsible for the management and growth of the Company and to encourage such executives to develop a long-term vision for the Company to operate in a manner to maximize shareholder value. By using vesting periods for PSUs in addition to other restrictions, this compensation element is also designed to support long-term retention of valuable employees as well as provide an incentive for the achievement of specific milestones, if applicable.

No PSUs have been awarded as of the date of this Circular.

Deferred Share Units

Under the Omnibus Plan, directors are eligible to receive grants of DSUs. Directors may elect to receive any part or all of their fees payable in respective of their position as a director as DSUs. Each holder of a DSU is entitled to receive one Common Share for each DSU. The Board believes the granting of DSUs creates long-term incentive, a sense of ownership and an alignment of the recipients' interests with those of the shareholders. The granting of DSUs is intended to reward directors who are responsible for oversight of the management and growth of the Company and to encourage such directors to maintain a long-term vision for the Company to operate in a manner to maximize shareholder value.

No DSUs have been awarded as of the date of this Circular.

Other Share-Based Awards

Under the Omnibus Plan, directors are eligible to receive grants of Other Share-Based Awards. The terms and conditions of each Other Share-Based Award grant shall be evidenced by an Award Agreement (as defined in the Omnibus Plan). Each Other Share-Based Award shall consist of a right (1) which is not a Stock Option, DSU, RSU or PSU and (2) which is denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, Common Shares (including, without limitation, securities convertible into Common Shares) as are deemed by the Omnibus Plan administrator to be consistent with the purposes of the Omnibus Plan; provided, however, that such right will comply with applicable law. Subject to prior acceptance of the TSXV, the terms of the Omnibus Plan and any applicable award agreement, the Omnibus Plan administrator will determine the terms and conditions of such Other Share-Based Awards.

CORPORATE GOVERNANCE DISCLOSURE

Corporate governance relates to activities of the Board, the members of which are elected by and are accountable to the shareholders and takes into account the role of the individual members of management who are appointed by the Board and who are charged with the day-to-day management of the Company. The Board is committed to sound corporate governance practices, which are both in the interest of its shareholders and contribute to effective and efficient decision making.

National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("NI 58-101") requires that each reporting company disclose its corporate governance practices on an annual basis. The Company's general approach to corporate governance is summarized below.

Board of Directors

The Company's Board is comprised of seven (7) directors: Pierre Léveillé, Jean Luc Roy, Tim Fernback, Ally Angula, Pierre Matte, Alfredo Luis Riviere and Matthew Starnes.

Section 1.4 of NI 52-110 sets out the standard for director independence. Under NI 52-110, a director is independent if he has no direct or indirect material relationship with the Company. A material relationship is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director's independent judgment. NI 52-110 also sets out certain situations where a director will automatically be considered to have a material relationship to the Company.

Applying the definition set out in section 1.4 of NI 52-110, five of the seven members of the Board are independent. The members who are independent are Tim Fernback, Ally Angula, Pierre Matte, Alfredo Luis Riviere, and Matthew Starnes. Messrs. Léveillé and Roy are not independent by virtue of the fact that they are executive officers of the Company (President/CEO and Interim Chairman/COO).

In order to facilitate its exercise of independent judgment in carrying out the responsibilities of the Board over management, the Board ensures that a majority of all members in attendance at Board meetings are independent.

Other Directorships

Certain directors of the Company serve as directors of one or more other reporting issuers or reporting issuer equivalents, as follows:

Name of Director	Reporting Issuer(s) or Equivalent(s)
Jean Luc Roy	CanAlaska Uranium Ltd Nine Mile Metals Ltd.
Matthew Starnes	Critical Elements Lithium Corporation
Tim Fernback	Apogee Minerals Ltd. (TSXV: APMI) Fuse Battery Metals Inc. (TSXV: FUSE) Grid Battery Metals Inc. (TSXV: CELL) Temas Resources Corp. (CSE: TMAS)

Orientation and Continuing Education

The Company has not adopted a formalized process of orientation for new Board members. Orientation of new directors has been and will be conducted on an ad hoc basis through discussions and meetings with other directors, officers, and employees where a thorough description of the Company's business, assets, operations and strategic plans and objectives are discussed. In addition, any new directors will be given: (a) the opportunity to familiarize themselves with the Company, the current directors, and members of management; (b) copies of recently publicly filed documents of the Company, technical reports, and the Company's internal financial information; (c) access to technical experts and consultants; and (d) a summary of significant corporate and securities legislation. Orientation activities have been and will be tailored to the particular needs and experiences of each director and the overall needs of the Board.

The Board does not take any formal measures to provide continuing education for the directors. Directors are given the opportunity for continuing education if they choose. The current directors all have prior public company experience. Directors are kept informed as to matters impacting, or which may impact, the Company's operations through reports and presentations at the Board meetings. Directors are also provided the opportunity to meet with senior management, advisors and other directors who can answer any questions that may arise. Board members are encouraged to communicate with management, auditors, and technical consultants to keep themselves current with industry trends and developments and changes in legislation with management assistance and to attend related industry seminars in relation to the Company's operations. Board members have full access to the Company's records.

At this stage in the Company's development and having regard to the background and experience of its directors, the Board does not feel it necessary to have such policies or programs in place.

Ethical Business Conduct

The Board has not adopted a formal written Code of Business Conduct and Ethics. In recruiting new Board members, the Board considers only persons with a demonstrated record of ethical business conduct.

The Board has concluded that fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law, in addition to the applicable corporate legislation restrictions placed on an individual director's participation in decisions of the Board in which the director has an interest, have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Nomination of Directors

The Board has not adopted a written mandate or formal procedure with respect to the nomination of directors. The Board, as a whole, is responsible for identifying individuals qualified to become new board members and recommending to the Board new director nominees for the next annual meeting the shareholders.

Nominees have historically been recruited by the efforts of existing Board members, and the recruitment process has involved both formal and informal discussions among committee and Board members. New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Company, the ability to devote the required time, show support for the Company's mission and strategic objectives and have a willingness to serve. Nominees who meet these criteria are interviewed by the Board and are asked to join the Board where consensus regarding the nominee is obtained.

Compensation

The Company's Compensation Committee is comprised of three directors: Jean Luc Roy, Tim Fernback and Ally Angula; however, the Board has not adopted a written mandate or formal procedure with respect to determining compensation for the directors and NEOs.

The Compensation Committee conducts annual reviews of the CEO, directors, and executive officers and makes recommendations to the Board. Refer to "*Oversight and Description of Director and NEO Compensation*" above for a detailed description of the Company's compensation policies.

Other Board Committees

At the present time, the Company has the following standing committees:

- (a) Compensation Committee (see "*Oversight and Description of Director and NEO Compensation*" and "*Compensation*" above); and
- (b) audit committee (the "**Audit Committee**") (see "*Audit Committee*" below).

Assessments

The Board regularly monitors the adequacy of information given to directors, communications between the Board and management and the strategic direction and processes of the Board and its committees. The Board monitors, but does not formally assess, the performance of individual Board members and their contributions. The Board does not, at present, have a formal process in place for assessing the effectiveness of the Board as a whole, its committees or individual directors, but will consider implementing one in the future should circumstances warrant. Based on the Company's size and its stage of development, the Board considers a formal assessment process to be inappropriate at this time.

Liability Insurance

The Company has purchased, at its expense, directors' and officers' liability insurance in the aggregate amount of \$2,000,000 to protect its directors and officers against liability incurred in their capacities as directors and officers of the Company and its subsidiaries. During its most recent financial year ended August 31, 2023, the Company paid a premium of \$21,500 for insurance coverage.
